IEEE FCAI

Puplic relation committee

## SKILLS

Collabroration

Research

Time managment

Team leadership

The ability to work under pressure

Attention to detail

Planing and organization

Willingness to learn

## OBJECTIVES AND BIO

I am a motivated student with a strong passion for front-end web development. My goal is to become a skilled web developer who excels in creating visually appealing and seamlessly functional websites. I am dedicated to both academic excellence and gaining practical experience.

I am actively seeking opportunities to apply my skills in real-world web development projects, as I thrive on the hands-on aspect of programming. I am ready to tackle challenges head-on and adapt to the ever-changing field of web development.

Additionally, I have a genuine interest in the field of data analytics and data science. I find the exploration and analysis of data fascinating, as it allows me to derive meaningful insights. With a cool-headed approach to learning, I am eager to take each step forward and enjoy the journey of hands-on learning.

## CERTIFICATES

General certificate of secondary education

## LANGUAGES

Arabic
